December 2009

November Meeting

John Holbrook informed us he was to be operated on the first week of December and would be absent from club activities. Nominations were accepted for new officers, none were made. **Bill** reported the runway fund was still \$5001, the field fee of \$2500 was to be paid in December, the general fund was \$669. The October raffle netted \$70, the fish fry cost \$80 but somebody donated \$15. **Gary Likens** informed us that the mowers have been serviced and put away, he also reminded everyone to pick up trash when you see it. **Don Holmes** spoke to the club about possible pylon racing. Using the previously mentioned Skyraider with a 40 size engine Thunder Tiger or a O.S. 46LA. Questions

were raised about field availability and where pylons could be placed with 400 feet between them. **Alex Popp** was recognized for installing new plane restraints which are good for planes too big to start on a bench. **Chopper Bob** won model of the month with his Heli. It was a raptor fuse on hawk mechanicals. **Bob** took a club hat as his prize. **Tone Herold's** name was the drawn for the membership raffle prize of \$369 but, he was not present. Prize carries over to next month. **John Coffey** won the plane raffle, taking home a Jumping Jack donated by **Middle River Hobbies**. The drawing was finally held for the mower raffle. **Loren Baker** was the big winner. I can't recall a happier or more deserving winner.

Member News

John Holbrook underwent surgery for his knee replacement on 12/3 and is recovering at home.

Chuck Woodward soloed on 11/15.

****If you haven't renewed your AMA for 2010, you can not fly at Bird Field after December 31.**

Some Notes on the Club

During the November meeting it was suggested that potential winners of the Membership Raffle be limited to members actually attending the meeting. **Bill Polhamus** took the floor to explain that the whole purpose of the membership raffle is to get more members to attend the meetings.

There are always some things that cause some level of controversy and it seems everyone has an opinion. Right now, it's the possibility of club races. This brings me back to the raffle, if you have an idea, a complaint, a gripe, a solution or anything else on any subject; come to the meeting and share it with everybody and while you are there put your name in the book and make yourself eligible for a nice cash prize. Otherwise just learn to live with the fact that the 30 or 40 members who do attend will determine the direction of the club.

Membership dues for 2010

Bill is now collecting dues for 2010. Those under 62 years old, the annual dues are \$50. At 62, the dues are \$40 and at 65 years, the dues are \$20. **The last moment you can pay dues for the year 2010 (without incurring another initiation fee) is at the May meeting.** Once again, an early payment of dues (up thru the March 2010 meeting) will enter you in a drawing for a radio or

something else RC related in the \$200 area (your choice). **BUT**, payment after the May 2010 meeting will cause you to pay an additional \$40, no exceptions. See the Treasurer, **Bill Polhamus** and bring your new AMA card with you.

About the Newsletter

It has been a real honor to be allowed the opportunity to continue the newsletter, in truth **Bill Polhamus** is still doing a lot of the work and **Lisa Hughes** is still handling distribution. So if you see them be sure to thank them. I would also challenge anyone to find a nicer or more up to date website than www.sundayflyers.com. So again if you see **Ted Schott** or **Bill** thank them, it really is that good

Membership Raffle

The raffle stands at a \$369 prize at the moment. It will grow as members buy into it. For those unsure how it works: You contribute \$1 at the meeting and put your name in the book for that evening's drawing. Everyone in the club is in the raffle "hat." A name is drawn, from the "hat." If it's

your name and you have your name in the book for that meeting, you win 80% of the pot. If the person drawn isn't at the meeting or didn't contribute the \$1 for that meeting, the pot is heldover till the next meeting and continues to grow.

Paul Wilcox
for donating
\$60 of cut and
split firewood.

Middle River Hobbies

for the two wing Bags that were auctioned at the meeting and The Fliton Electric Plane. We made a cool \$150 from last month's raffle on that plane.

Also for **Pearl Harbor Day**, they donated a durable nylon tool bag by the Tool Tote Company and a \$15 Gift Card.

Hobby Works – Bel Air donated a \$20 gift Card and a SIG Kadet Seniorita kit.

Dec 6 Pearl Harbor Day

Gary Wadsworth, Gary "Cej" Cejnowski and Eric Larson were the CD's.

Contests were held, fun was had by all.

Denise Wadsworth (Gary's better half) made Chili and Apple Betty dessert. **Bill Polhamus** served up his extra juicy, extra special hamburgers. Everything was washed down with some extra cold soda. The original date of Dec 5 was wisely moved to Dec 6 as an impending storm was positioned to destroy the day. Dec 6 turned out to be sunny although "balmy" day. No one crashed. Everyone went home with a smile. Good times all around.

Hobby Works Bel Air

Future rebates to all who register with them.

Hobbytown USA Glen Burnie

10% discount to members (except fuel).

Tree climber

Roger, (443)-846-7655. He charges \$50.

If anybody has any pictures or articles to submit send them to gothay@msn.com

FUN STUFF

Tip: To make your shoes last longer...Take bigger steps.

Senior Personal Ads

(seen in a Fla newspaper)
FOXY LADY: Sexy fashioned-conscious blue haired beauty, 80, slim, 5'4" (used to be 5' 6"), searching for sharp-looking, sharp-dressing companion. Matching white shoes and belt a plus.

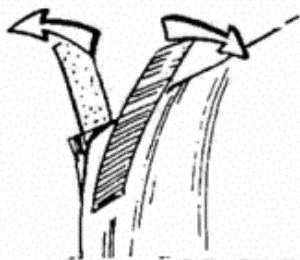

LONG TERM COMMITMENT:

Recent widow who has just buried fourth husband looking for someone to round out a six-unit plot. Dizziness, fainting, shortness of breath not a problem.

SERENITY NOW: I am into solitude, long walks, sunrises, the ocean, yoga and meditation. If you are the silent type, let's get together, take our hearing aids out and enjoy quiet times.

AND Finally...

The Law of irreversibility *After discarding something not used for years, you will need it one week later.*

SEPARATE THOSE SHEETS

The protective backing on some covering films can be difficult to separate, initially. A strip of masking tape applied to each side creates a "handle" on which to pull—sheets then easily peel apart.
