September 2009

## August Meeting

**President John** opened the August meeting with the announcement of movie night on the 29<sup>th</sup>. Unfortunately it was cancelled due to weather later on. **John** also announced that **Alan Lake** will be providing live entertainment at the picnic on the 20<sup>th</sup>. The club now has new mower which **John** purchased for \$500. (Don't forget your raffle tickets to help pay for it.) **Field Marshal Gary** reported the field was looking good but is having a hard time making any headway on cleaning out the shed. Please do not leave anything in the shed. The membership raffle has reached a staggering \$290, **Tam Tran** was drawn but not present. Model of the Month: **Don Holmes** brought his 1/12 scale

Spitfire to go against **Ryan Daugherty's** 60 size P-47. **Ryan** won in a close vote. **Bill Polhamus** won the 25e Ultra Stick in the plane raffle. We understand **Bill** is now sleeping on the couch.

## October Fest

Last year **Steve** and I attended the Cloud Kings October fun fly or October Fest. This is a VRCS event, so to fly you must have an aircraft which was kitted or published prior to January 1<sup>st</sup> 1974. This would make your Kaos, Ugly Stick, and a lot of Goldberg designs eligible. It's a nice drive in the middle of Amish country at a beautiful time of the year. Even your non-flying other half might enjoy it.

## In the Air

By: Steve Kauffman Jr.  
Ever been right side up at the top of a loop? Well you shouldn't be but just in case you feel the need to do so, here you go. An outside loop can be one of two ways. One is roll inverted in level flight and climb up into the loop and you are still right side up at the top. But then comes the scary part where you dive back down into level inverted flight. The other way is start at the top and dive down so you are upside down at the bottom. Continuing with the stick forward, you climb back onto the top where you started. On the dive should you feel the sudden need to barf don't worry as your stomach is climbing up your throat from the negative G's. If it's an open cockpit you don't even need to worry about cleanup.

## **Membership Raffle**

The raffle stands at a \$290 prize at the moment. It will grow as members buy into it. For those unsure how it works: You contribute \$1 at the meeting and put your name in the book for that evening's drawing. Everyone in the club is in the raffle "hat." A name is drawn, from the "hat." If it's your name and you have your name in the book for that meeting, you win 80% of the pot. If the person drawn isn't at the meeting or didn't contribute the \$1 for that meeting, the pot is heldover till the next meeting and continues to grow.

## **Tree climber**

**Roger, (443)-846-7655.  
He charges \$50.**

### **Events**

**September 19** – Swan Harbor Fly-In /Swan Harbor Field

## FUN FLY

**George Stone** is hosting  
an open fun fly on

**Saturday, 9/26**, with

Mulligan Stew on the

menu. **George** is making

the stew. It's on the

following Saturday after

the club picnic. Open to

all members of club. Just

show up and fly for fun

only, no contests or rules,

Just a good time.

Rain date is Sunday, 9/27.
