

Sunday Flyers E-News February 2021

MEETING, Meetings have been suspended
a/c Covid19

A few people are using the field in the afternoon and a few more on weekends. Field has been mowed and is ready to be used. Please stay out of the clubhouse unless you are alone. It only takes 2 to spread the virus. Make a thoughtful decision. Wear a mask. The virus is always on the attack.

Covid 19 vaccinations.

Walgreens and CVS are accepting reservations for both 1st and 2nd shots. Both will be Moderna vaccine.

Steps to take:

1. Register at both places with user name and password.

Make sure you note your user name and password.

<https://www.walgreens.com/topic/promotion/covid-vaccine.jsp>

<https://www.cvs.com/immunizations/covid-19-vaccine>

2. Keep checking to see if vaccine is available by trying to make an appointment. Make appointment for both shots.

3. Make sure you choose a nearby location or one you are comfortable traveling to.

4. Make a note of the location, day and time.

5. Mark your calendar and show up. If you are allergic to the point of carrying an Epi Pen, take it with you and tell the administering person.

That's it.

REMEMBER: Even after you get the vaccine, **you are still able to pass the virus on.**

We MUST...STILL FOLLOW THE RULES. Wash hands, wear a mask and socially distance.

I've been wearing 2 masks since the variants showed up.

Sadly, we said goodbye to a young **Ken Ey** earlier this month. He was laid to rest on February 8. Death was brought on by Diabetes complications. He was a kind and quietly helpful man to the club. We will miss him.

Our President, **Steve Bond** is on the mend.

Steve is home convalescing after surgery on his ankle. He had bone grafted to his ankle and will be off his feet for the next 2 months. **Get Well Steve!**

Bird Field Issues

I have to report some bad news for the club. For years, under the constant threat of losing the field, we have been looking for another home. Nothing has presented itself. A few months back, the owner, **Tim Stancill**, put the property in the hands of a realtor. I've learned that the property is in the process of being sold and is to close late April. I spoke with the prospective new owner. He intends to turn the grounds into recreational soccer fields. It will

be privately owned, The County has nothing to do with this. So, we need to start taking steps to put the field back to how we found it. **Little John Holbrook** had sold the trailer about 2 weeks ago, but has not found a taker for the camper. If anyone knows of a possible home, let me know. It would be perfect for a hunter. The refrigerator is only a year old. The farmer across the road, **Norman Sines**, has offered to pump up the tires and help make it mobile. Since we moved the items from the van into the camper when the van was sold, we have a lot of work to do to clean it out.

There are tools and flying accessories and a couple planes to be auctioned off. We have a rider mower, 3 push mowers, 2 picnic tables, a wood burning stove and a whole lot of flying tables to dispose of. After the expenses of moving out are totaled. We have to figure out what to do with remaining treasury funds. I'm going to alert AMA that we probably won't be renewing our charter. Our AMA insurance is good through the end of March. This is real and it's right now...Any ideas welcome.

Club Dues

This is kind of moot right now and I intend to refund the one and only member that paid early.

Upcoming Events Field Auction – TBD

**Notice: If you go into the woods.
Wear the orange vest.**

TREE CLIMBER

Dave Novak - 410-574-4667

Fee: \$60 minimum. ****

****** May be more depending on distance traveled and complexity.**

Last two tree rescues were \$70.

His name and number are also on our website home page.
